EDUCATION

Kamla Nehru Institute of Technology, Sultanpur   2021-2025
Bachelors of Technology in Computer Science and Engineering   8.2/10 CGPA

Divine International Academy, Sirsaganj   2019-2020
Intermediate   94.0 percent

SKILLS

Technical Skills	C++ , javascript , Reactjs , Nodejs , expressjs , Mongodb
Soft Skills	teamwork , communication , problem solving
Coursework	DBMS , DSA , OS , OOPS , SQL , computer networks

EXPERIENCE

MERN Developer intern   July 2023
webstack academy

- gained hands-on experience in full-stack development.
- build a food delivery web app using MERN technology.
- implemented authentication and payment features.

Web Development head   march 2023-present
programming club , KNIT sultanpur   *KNIT, sultanpur*

- helped club in organising coding events.
- Given dedicated time to mentor junior members within the Programming Club

PROJECTS

RoyalCafe

- Built using React.js, Node.js, Express.js, and MongoDB for a full-stack food ordering and delivery solution.
- Features user sign-in and sign-up secured with JWT for robust authentication , Allows adding items to the cart, making payments, and tracking orders. (Try it here)

MoviesFlix

- Extracted movie data and links from an external website, leveraging Node.js and Express.js to create a custom API.
- integrated the scraped data API into a React.js frontend for real-time display of movie information. (Try it here)

school Database Management system

- Utilized MongoDB, React.js, Node.js, and Express.js for seamless integration of frontend and backend with effective API usage
- Developed features for admin-controlled student data management, enabling updating, deleting, and inserting records. (Try it here)

CODING PROFILES

- Solved 500+ questions on leetcode
- 3 Star on codechef

ACHIEVEMENTS

- Selected and participated in CODEUTSAVA7.0 at NIT raipur
- secured good ranks in college coding contests
